UNIVERSIDAD DEL PACIFICO

BA in Business

Lima, Peru

2015 - 2020

- Ranked in top 10 out of 139-person class for academic performance
- Internship: PM Intern at Belcorp, assisting in the creation of a sales force training app
- Led pro bono consulting team for mental health NGO, doubling yearly donations by improving data generation and analysis

EXPERIENCE

BEES APP, ANHEUSER-BUSCH INBEV (AB INBEV)

Lima, Peru

\$1.6B annual B2B e-commerce marketplace serving >300,000 independent retailers across Peru

Product Manager - Online Strategy

2025 - 2026

- Released ML-driven Product Recommendation Model in partnership with Engineering, optimizing coverage vs. precision for >8M recommendations shown monthly; drove 7.6% YoY growth in distinct SKUs sold and 17.1% in first-time purchases
- Spearheaded a \$2.2M company-wide investment reallocation by building an LLM-driven A/B testing framework and roadmap to compare direct discounts against loyalty points as promotional levers
- Redesigning loyalty program's reward allocation logic to shift investment toward behaviors that drive incremental sales; secured C-Suite buy-in and grew share of investment generating incremental revenue from 74% to 85% YoY
- Led cross-functional collaboration across Data Science, Revenue Management, and Sales to integrate competitive strategy data into product recommendations for the first time, contributing to a +1pp total market share gain in H1 2026 vs. H1 2025

Monetization Manager

2024 - 2025

- Created co-funding model for retailers to obtain better infrastructure by incorporating market research on unmet needs; scaled to 10K+ retailers, hitting all-time high monetization (\$3M in 2024, +15% YoY) and \$100/mo retailer income growth
- Launched "Pay with Points" for orders at a higher points-currency conversion rate; grew monetization 18% in 2025
- Established and executed the BEES School, a bi-weekly program training 1000+ AB InBev's sales reps on new app features and adoption tactics, increasing sales rep adherence to recommended use of the app by 15pp
- Managed three direct reports through personalized growth plans, achieving a 100% promotion rate

BEES Digitalization Lead

2021 - 2023

- Defined user stories and requirements with Analytics and Design for a new feature that made loyalty rewards more visible; grew share of users earning rewards from 44% in 2022 to 83% in 2023
- Implemented BEES's first third-party distribution deal, owning partner negotiation, pricing, operations model and launch strategy end-to-end; generated \$500K GMV in year one with no existing playbook
- Built first monetization strategy for BEES in Peru, translating partner and customer unmet needs and crafting positioning, partner-facing messaging and pricing; onboarded 13 companies and delivered \$2.6M EBITDA in year one

Global Management Trainee

2020 - 2021

- Selected as 1 of 3 from 1,700+ applicants for AB InBev's top LDP, rotating across marketing, sales and supply chain
- Drove the creative process behind an in-house digital content creator built to improve beer category perception, reaching >5M views, >1M likes and >200K followers on Instagram and TikTok within 3 months

THE ADECCO GROUP

Lima, Peru

Global talent and technology advisory company, present in 60 countries

Continuous Improvement Analyst

2019 - 2020

- Captained 17-person team using Design Thinking for process redesign, delivering four improvements adopted company-wide
- Reduced waiting times for >500 daily interview candidates by 20% by optimizing registration and queuing system
